

WORLD THINKING DAY DIGITAL CHALLENGE 2024

Every year on the 22nd of February, Girl Guides and Girl Scouts celebrate the Movement by connecting with each other and having fun together, learning about and taking action on the global issues that affect their local communities, and fundraising for the millions of Girl Guides and Girl Scouts around the world. The idea for World Thinking Day first came to life when Girl Guides and Girl Scouts met in the USA for the fourth WAGGGS World Conference. It has been a day of international friendship since 1926.

The 2024 World Thinking Day theme is *Our World, Our Thriving Future: The Environment and Global Poverty*. In this year's activities, we'll explore the link between poverty and the environment and find out how these problems are even more challenging for girls and women in your community and around the world.
