CAMPOREE FOOD SERVICES

- Camp Food Service is only available for groups of 75 or more.
- This is a request form only, and food service is not guaranteed. The council will do everything possible to fulfill every request.
- Upon acceptance, the council will hire the kitchen staff (cook and dishwasher if needed) and coordinate the food delivery.

PRICING

Pricing is based on food ordered for the event and staff for the kitchen (cooks are \$50 a meal). The council will take care of hiring staff for the kitchen as all staff must be trained approved. If you would like to request someone, we will take that into consideration. Sample menus are below, and substitutions can be made at the coordinator's request. Once the food items are agreed upon and an agreement is signed (stating the coordinator will pay the full balance within 7-10 business days after the camporee date), we will place that order with a local food service distributor. Please note that if your camporee is over 150 people you will need an additional cook for the kitchen.
